

Education

- **Harvard University**, Ph.D., May 2017 (expected),
A p -adic Jacquet-Langlands Correspondence.
- **Princeton University**, B.A., mathematics, May 2012

Publications

2. *Patching and the p -adic Jacquet-Langlands Correspondence*, with Przemyslaw Chojcecki, in preparation.
1. *A p -adic Jacquet-Langlands Correspondence*, Preprint.

Recent Talks

Spring 2016

- *A p -adic Jacquet-Langlands Correspondence*, The p -adic Langlands program and related topics at Indiana University, May 18.

Fall 2015

- *A p -adic Jacquet-Langlands Correspondence*, University of Chicago number theory seminar, October 27.
- *A p -adic Jacquet-Langlands Correspondence*, Northwestern University number theory seminar, October 26.
- *A p -adic Jacquet-Langlands Correspondence*, Harvard University number theory seminar, September 9.

Spring 2015

- *A p -adic Jacquet-Langlands Correspondence*, Spring School on p -adic Arithmetic in Essen, March 24.

Teaching

Harvard University

- *Mathematical Origami Tutorial*, Summer 2014
- *Math 21A: Multivariable Calculus*, Fall 2014
- *Combinatorial Game Theory Tutorial*, Summer 2015
- *Math 21A: Multivariable Calculus*, Fall 2015

Personal

Mozartstraße 26
Bonn 53115, Germany
US Citizen, born in Rochester, MN, on December 5, 1990.
